**ICC TO HEAR HOW ELECTRIC UTILITIES PLAN TO
MEET SUMMER ENERGY DEMANDS**

The Illinois Commerce Commission's Electricity Policy Committee will meet at 2 p.m. Tuesday, May 3 in Chicago, in the main hearing room, Suite C-800 of the Commission's office, 160 N. LaSalle Street.

Representatives of Commonwealth Edison, Ameren and MidAmerican Energy Company will present energy demand forecasts for the summer of 2005 and outline plans for how each will meet the peak period requirements.

Presenters for Exelon Energy Delivery include Arlene Juracek, vice president, Energy Acquisition, Preston Swafford, senior vice president, Operations, and John Costello, senior vice president, Technical Services.

Maureen Borkowski, vice president, Transmission, and David Whitely, senior vice president, Energy Delivery Services will speak on behalf of the Ameren companies. Representing MidAmerican Energy will be Dean Crist, vice president of regulatory projects.

ICC Commissioner Kevin Wright serves as chairman of the Electricity Policy committee.
